Knowledge

Future Education, Employment & Training

Year 13

Revision for paper 1 and 2
Completion of Practice papers/study of preliminary materials.

Introduction to spreadsheets

Content Revision

Equation of a straight line

Studying preliminary materials

Perimeter, circumference, and area

Studying preliminary materials

Taxation

Content Revision

Volume, similarity, and Pythagoras' theorem

Studying preliminary materials

Preliminary materials received (March)

Solutions to financial problems

Analyse Critically

Interest Rates

Analyse critically

Sampling

Probabilities /sampling and estimation

Representing data numerically

Correlation /regression.

Representing data diagrammatically

Correlation /regression continued.

Types of data and collecting data

Mock exams

Normal Distribution Continued

Fermi Estimation

Normal Distribution

Mathematical Modelling

Pupils Identified for Maths Core Clinic Intervention

October: Trial/Baseline Exam

Year 12

Assessment of prior knowledge and skills accumulated during KS3 & KS4.
Comparison/interpretation of data linking to averages and percentages.

Percentages

Standard Deviation

Numerical Calculations

Standard Deviation
