

DRAMA MUST KNOW LIST

COMPONENT 2

In order to prepare for this practical component pupils will need to draw on their knowledge and understanding of the elements developed in Component 1.

Once you have studied the topic you should use the traffic light system to assess your understanding at three points in your revision. Colour the boxes:

Green – I feel confident with this and will need a quick review before I am assessed.

Amber – I feel less confident with this and need to spend some more time on revision.

Red – I have no confidence in this and need to dedicate revision time to this specific area.
