

Policy statement on provider access

Introduction

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. Glenthorne endeavours to ensure that all students are aware of all routes to higher skills and can access information on technical options and apprenticeships (The Department of Education, July 2021: "Baker Clause": supporting students to understand the full range of education and training options, and the Provider Access Legislation, January 2023).

Rationale

High quality careers education and guidance in school or college is critical to young people's futures. It helps to prepare them for the workplace by providing a clear understanding of the world of work including the routes to jobs and careers that they might find engaging and rewarding. It supports them to acquire the self-development and career management skills they need to achieve positive employment destinations. This helps students to choose their pathways, improve their life opportunities and contribute to a productive and successful economy.

As the number of apprenticeships rises every year, it becomes increasingly important that all young people have a full understanding of all the options available to them post-16 and post-18 including wider technical education options such as T-Levels and Higher Technical Qualifications.

Commitment

Glenthorne is committed to ensuring there is an opportunity for a range of education and training providers to access students, for the purpose of informing them about approved technical education qualifications and apprenticeships. Glenthorne is fully aware of the responsibility to set students on the path that will secure the best outcome which will enable them to progress in education and work and give employers the highly skilled people they need. That means acting impartially, in line with the statutory duty, and not showing bias towards any route, be that academic or technical.

Aims

Glenthorne policy for Access to other education and training providers has the following aims:

- To develop the knowledge and awareness of our students of all career pathways available to them, including technical qualifications and apprenticeships.
- To support young people to be able to learn more about opportunities for education and training outside of school before making crucial choices about their future options.
- To reduce drop out from courses and avoid the risk of students becoming NEET (Young people not in education, employment or training).

Pupil entitlement

Pupils will be provided with at least six encounters with approved providers of apprenticeships and technical education for all their students:

- Two encounters for pupils during the 'first key phase' (year 8 or 9) that are mandatory for all pupils to attend

- Two encounters for pupils during the ‘second key phase’ (year 10 or 11) that are mandatory for all pupils to attend
- Two encounters for pupils during the ‘third key phase’ (year 12 or 13) that are mandatory for the school to put on but optional for pupils to attend

In the context of the provider access legislation, a provider is an organisation that offers approved technical education qualifications or their representative, for example an FE college or training provider.

A provider, to whom access is given, must deliver an encounter that includes the following:

- Information about the provider and the approved technical education qualifications or apprenticeships that the provider offers
- Information about the careers to which those technical education qualifications or apprenticeships might lead
- A description of what learning or training with the provider is like
- Responses to questions from the pupils about the provider or approved technical education qualifications and apprenticeships.

All pupils in Y7-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

Management of provider access requests Procedure

A provider wishing to request access should contact:

Ms K Chan, Careers Admin, 0208 644 6307 ext. 291

KCH@glenthorne.sutton.sch.uk

Ms J Bains, Director STEM and Careers, 0208 644 6307 ext. 204

JBA@glenthorne.sutton.sch.uk

Premises and facilities

The school will make the main hall, classrooms, or private meeting rooms available for discussions between the provider and students, as appropriate to the activity. The school will also make available

AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader or a member of their team. Providers are welcome to leave a copy of their prospectus or other relevant course information in the sixth form study area.

Opportunities for access

A number of events, integrated into the school careers programme, will offer providers an opportunity to come into school to speak to pupils and/or their carers see the full careers programme for more information and dates.

Please speak to our Careers Team to identify the most suitable opportunity for you.

Parents and Carers

Parental involvement is encouraged, and parents may be invited to attend the events to meet the providers.

Management

The Careers Leader coordinates all provider requests and is responsible to his/her senior management line manager.

Complaints Procedure

Any complaints about this policy should be raised to Ms Jai Bains, email: Jba@glenthorne.sutton.sch.uk

Jai Bains will raise the complaint to Dr Sarah Peacock, Headteacher.

Next review: September 25
