Arkwright Engineering Scholarship Success

We are delighted to announce that three of our outstanding students- Milana, Amalia, Cristian have been awarded the prestigious Arkwright Engineering Scholarship this year.

This highly competitive scholarship recognises exceptional talent and commitment to engineering among young people across the UK. Our students demonstrated remarkable creativity, problem-solving ability, and passion for the field throughout the rigorous selection process involving aptitude tests and interviews.

This achievement is a testament not only to their hard work and dedication, but also to the strength of our school's STEM programme. We are incredibly proud of their success and look forward to seeing the impact they will make in the future.

Congratulations to all three scholars on this well-deserved accomplishment!

London International Model United Nations High School Conference at King's College London

Last weekend, five members of Glenthorne's Model UN Club travelled to the tenth edition of the LIMUN-HS Conference held at King's College London. They sat on committees like Historical Negotiation or the Human Rights Council and tackled some of the key issues the world is facing, in an intense and fruitful debate.

All our students did very well, researching difficult topics and becoming true delegates who faithfully defend the interests of the country they had been assigned. Very well done to them all!

A particular congratulations to our Y12 on the UN Women Committee who got the 'Most Improved Award' for her exceptional work on balancing national security concerns and women's rights in post-conflict areas.

Looking Ahead

B Week

"Every act of kindness, no matter how small, has the power to create a ripple effect of compassion." Mary Seacole

Bebras Coding Challenge 2026

On Wednesday 25th March, 63 pupils took part in the Bebras Coding Challenge. This challenge was only open to those that achieved in the top 10% of the country on the first round of the Bebras Computational Thinking Challenge in October.

We now have the results back for this challenge with statistics included below. Every pupil that took part should be incredibly proud of their achievement.

Some statistics:

- 481,314 children across the country & all age brackets took part in this challenge.
- Glenthorne entered 720 into the original challenge.
- 88 of our pupils achieved in the top 10% of all the results.
- 63 of these 88 chose to progress onto the next round, which involve 85,389 children nationally.
- 7 Glenthorne pupils received full marks.

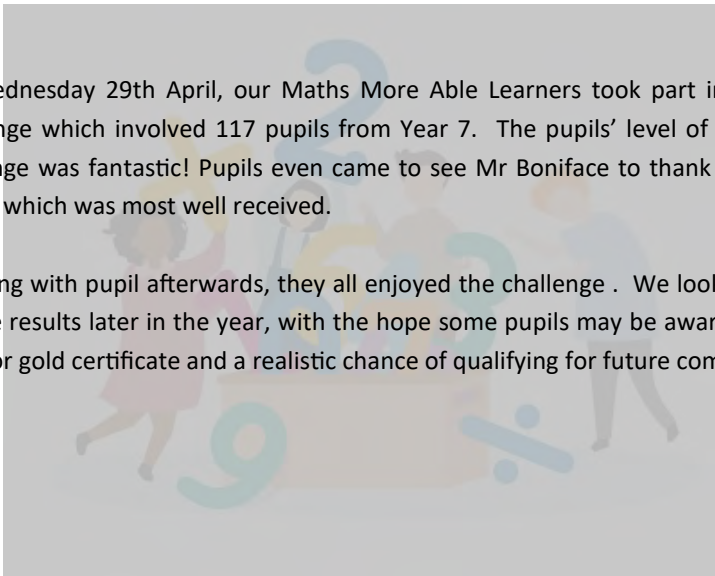

Congratulations to all.

Junior Maths Challenge

On Wednesday 29th April, our Maths More Able Learners took part in the Junior Maths Challenge which involved 117 pupils from Year 7. The pupils' level of enthusiasm for the challenge was fantastic! Pupils even came to see Mr Boniface to thank him for the opportunity, which was most well received.

Speaking with pupil afterwards, they all enjoyed the challenge. We look forward to receiving the results later in the year, with the hope some pupils may be awarded with a bronze/silver or gold certificate and a realistic chance of qualifying for future competitions!
